Description Modify group dialog to make it responsive. Make a paginated list of groups and a set of buttons to add, modify and remove groups. Optionally, include a search control to find groups by name. Selecting a group, show the list of members of the group with the group name and a group administrator flag. If the user is pending to approve or reject his member acceptance, change the color of the user. Include controls to add and remove members to the selected group. Include a group administrator flag into the add member control.			
Subtasks:			
Tareas # 71: Create field for group icon			En curso
Tareas # 79: Validate if group exists before create			Cerrada
